ROTAX® 1630 ACE™ - 350 ENGINE

The Rotax 1630 ACE-350 is Sea-Doo's most powerful PWC engine from factory. With its 350 hp (257.4 kW), this engine delivers incredible acceleration and power thanks to innovative engineering for uncompromised offshore performance.

Hydraulic Steering Damper

3 steering positions to quickly control the stiffness. It adds riding precision by removing undesired input in rougher conditions. It provides a premium feeling and improved control to the rider.

Display tactil de 10.25 in.

Bring your on-water experience to another level with this premium and elegant touch display developed specifically for Sea-Doo riders. Enjoy enhanced connectivity and intuitive features including ride statistics, a compass, media control, marine navigation with the BRP GO! app and much more.

Ergolock™ System

A narrow seat profile with deep knee pockets lets riders sit naturally and use the lower body to hold onto the machine for more control.

Cochilie ST3™

An innovative hull that sets the benchmark for rough water handling, stability, and offshore performance.

Swim platform with Integrated LinQ™ System

Exclusive quick-attach system on the largest swim platform in the industry that allows for easy installation of accessories.
